

The Remorse of a Guilty Stomach

Henry McEllan, of Hamilton, Ill., is a veteran of the 16th Illinois Infantry. He said:

"For more than fifteen years I was a sufferer from gastritis in its worst form. I was much reduced in flesh and strength and unable to attend to business. Finally my wife persuaded me to try Dr. Williams' Pink Pills for Pale People and to my surprise I began to get better. Three boxes effected a cure that has been permanent. When I began to take the pills I weighed 136 pounds; now I weigh 163. These pills did me more good than all the other medicines I have ever taken."

H. K. McELLAN.

Subscribed and sworn to before me this second day of December, 1897.

R. R. WALLACE,
Notary Public.
—From the Press, Hamilton, Ill.

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, neuritis, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are never sold by the dozen or hundred, but always in packages. At all druggists, or direct from the Dr. Williams Medicine Company, Schenectady, N. Y., 50 cents per box, 6 boxes \$2.50.

Common Council.

Common Council Chamber,
Owosso, Mich., July 3, 1899.

Regular meeting of common council held at 7:30 p. m. Alderman present at roll call, Gould, Copas, Pierpont, McLean, Jordan, Palmer, Walsh, and Curry.

The minutes of the last meeting were read and approved as read.

The following communication was presented and referred to the Board of Public Works:

Hon. A. M. Hume, City.

Dear Sir:—In October, 1898, I mailed Mayor Kerwin a petition and a letter like the enclosed copy, for a sewer from Main street up Elm to the end of Elm street south, or to the south side of Factory B. This petition represents 1500 feet of frontage along the streets, or all the ground from Main street except four benefits or four lots. A sewer up these streets would accommodate the Casket factory and Factory B of the E. E. Mfg. Co. Would probably accommodate 500 people. There is no place in this city where a sewer could be built for that length that would accommodate one quarter the amount of people that this sewer will, and it is a case of absolute necessity for the health and protection of our men. While it is a very large expense, to me are very glad to bear our share of the burden for the benefit of our employees.

We have never heard a word from the petition or any communication from the past mayor in reference to same, but we hope it will be the pleasure of your honor and gentlemen of the council to take this matter up and put this sewer in for us immediately.

Respectfully,
Ester Mfg. Co.
Detailed—D. M. Ester.

Light from Sugar.

A phenomenon, the cause of which has not yet been satisfactorily explained, was described at the last meeting of the British Association. Disks of loaf sugar were mounted on a lathe and rapidly rotated while a hammer played lightly against them. An almost continuous radiation of light was thus produced from the sugar. It was shown that the light did not arise from heating of the sugar, and it is believed to be caused by some change taking place in the sugar crystals. The act of crystallization is known to be sometimes accompanied by flashes of light. The practical bearing of these experiments is on the question of the possibility of obtaining artificial light by methods as yet untried.

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large blotches on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely."

It is valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swifts Specific—

S. S. S. FOR THE BLOOD

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity.
